WELCOME TO THE BLUE EARTH COUNTY ADULT HYBRID DRUG COURT

This Handbook was designed to answer your questions, and to help you successfully complete the requirements of the Blue Earth County Adult Hybrid Drug Court Program. As a participant, you are expected to follow the instructions given to you by the Drug Court Judge and your Drug Court probation officer; as well as to comply with the treatment plan developed for you by an approved CD treatment, and mental health providers.

The Drug Court is divided into four tracks depending on your Risk/Needs assessments. Each track is comprised of four phases that must be successfully completed in order to graduate from the program. This Handbook details what is expected of you as a Drug Court participant. It reviews general program information, as well as what specific things you must do to complete each phase of the program.

If you are reading this Handbook, it means that you have been accepted into Drug Court based upon your history of drug/alcohol use, and encounters with law enforcement. It also means that we are confident that Drug Court will help you learn how to make successful choices, free of the influence of drugs or alcohol.

There will be a test on the information in your handbook that you will need to pass prior to moving to phase two. Please study this book it was written for your use, and to help you be successful while you are a participant in the program.

You are encouraged to share this Handbook with your family and friends. It is very important for them to know the limitations, and rules you will need to follow to be successful in this program.

OVERVIEW

The Blue Earth County Adult Hybrid Drug Court Program is a four-phase intervention program for adults who have pled guilty to one or more felony or gross misdemeanor eligible offenses, and who are having difficulty staying clean and sober. The Drug Court Program is for addicted offenders. The program treats a drug as a drug and an addict as an addict, regardless of the drug of choice. It is a collaborative effort between the 5th Judicial District Court, the County Attorney's Office, the Public Defender's Office, the Health and Human Services Agency, law enforcement agencies, jail staff, probation, chemical health and mental health providers. By working together, as a Drug Court Team, we seek to provide a variety of programs and consistent supervision tailored to support and help you maintain a drug-free life.

Drug Court involves intensive supervision of clients by a probation officer, frequent court appearances, mandatory drug and alcohol counseling, regular attendance at self-help groups (NA or AA, SMART Recoveries) and random drug testing. The Court awards incentives for compliant behavior and imposes sanctions for negative behavior. Participants who do not comply with the rules may be placed in short-term custody, moved back to the previous phase of drug court or a variety of other sanctions. Participants may also be terminated from Drug Court. All of the staff working with Drug Court will assist you to make sure you understand what is expected of you.

THE DRUG COURT TEAM

The Drug Court Judge makes all decisions regarding your participation in the Drug Court Program with input from the Drug Court Team. In addition to the Judge, the Drug Court Team consists of the following members:

- Defense Attorney
- Assistant County Attorney
- Case Manager/Assessor
- Treatment Provider
- Probation Officer
- Police Officer Liaison
- Sheriff's Department
- Jail staff
- Drug Court Coordinator
- Mental Health Professional

Prior to each Drug Court session, the Drug Court team members familiarize themselves with your progress and the Judge discusses that progress with you during the Drug Court session.

PROGRESS REPORTS

Before your Drug Court hearing, the Judge is given a progress report presented by your Probation Agent Treatment Provider, and Mental Health Liaison. The progress report discusses your drug test results, attendance, participation and cooperation in the CD treatment, and mental health programing, employment or other requirements that were imposed. The judge may ask questions about your progress and discuss any problems you may be having. If you are doing well you may be rewarded with reduced program requirements or, at times, other incentives like gift cards. If your progress reports show that you are not doing well, the judge will discuss this with you and determine future action, which could include a sanction in order to help you remember your goals in the program. Sanctions can be anything from increased program requirements to jail custody.

DRUG COURT HEARINGS

As a Drug Court participant, you are required to appear in Drug Court on a regular basis. When you appear you are expected to bring your meeting card providing the dates and signatures proving you have attended your weekly meetings according to your phase requirements. You also need to give the Judge your journal prior to your court date, provide proof of updated fee payments, and updated weekly schedule. Failure to do so may result in a sanction. The number of times you must appear depends upon the track, and phase of drug court you are currently in. Failure to appear will result in the issuance of a warrant for your arrest and detention in jail until you can appear before the court. If you have questions about your court appearances you may contact your probation agent, treatment provider or your attorney.

It is our expectations that you behave appropriately in all court sessions. Any disruptions may result in a sanction. No cell phones, bags, coats, hats, or other contraband can be brought into the court room. All items should be stowed in the locker rooms outside the court room.

DRUG COURT PHASES

Gang attire is also inappropriate. Sunglasses cannot be worn in court unless medically approved.

Special Activities.

Every must attend all scheduled special events. A copy of the yearly calendar will be provided upon acceptance to the program. All events are posted a month prior to the event at treatment.

Submit to chemical testing (urinalysis, breath tests) as requested.

You will be tested throughout the entire program. During the first phase you will be tested frequently and randomly. If you miss a test or are not home for a curfew test it will be viewed as a positive test. The officer will not return to your home after they leave. This will also be viewed as a positive test. As you progress through the program, testing is required on a less frequent basis. The goal of the Drug Court program is to help you achieve total abstinence from alcohol and illicit drugs. However, a positive test will not automatically terminate you from the program. The judge will review your overall performance with the drug court team to determine the appropriate consequence or consequences.

Do not make threats towards other participants or staff or behave in a violent manner.

Violent or inappropriate behavior is not tolerated and will be reported to the Court. No physical, or verbal threats will be tolerated. This behavior will result in a sanction or termination from the program. You may not possess any weapons while in the Drug Court program.

Address/phone number changes

Keep the Drug Court team, probation agent and treatment provider informed of your current address and phone number at all times. Failure to do so may result in a sanction.

Phone Calls

All phone calls made to Drug Court staff should be conducted during work hours 8:00 a.m. to 5:00 p.m. All other calls after work hours should be made to your case manager's office number where a message can be left. The only time you should call your case managers cell number is in cases of emergency, or if directed by a staff member to call after hours.

Maintain confidentiality of other Drug Court participants.

Treatment cannot succeed unless all participants maintain the confidentiality of other participants and of information disclosed in treatment. Proof of breach of confidentiality can result in termination from the drug court program.

Employment/Education Requirements:

You are expected to perform 40 hours of structured activity per week. This may be accomplished by actively seeking or maintaining employment, attending school/job training, performing unpaid alternative community work assignments or other activity approved by the Drug Court Probation Agent.

Abide by all other rules and regulations imposed by the Drug Court Team.

Other rules and requirements are outlined in the Drug Court Participation agreement that you must sign in order to enter the program.

CHEMICAL TESTING

You will be drug tested randomly throughout your entire Drug Court Program. You will be provided with a copy of the chemical testing policy of Blue Earth County Community Corrections.

Testing Times

All Drug Testing is conducted at the Blue Earth County Jail unless directed by Probation. Everyone needs to show up on time and must be respectful to the people that are conducting the test. The Drug testing times are listed below.

Males: 10:00AM and 4:00PM

Females: 9:30AM and 3:30PM

- You will be observed to ensure freedom from errors.

The following will count as a positive (dirty) test:

- If you miss a test
- Stalling - If you are unable to provide a sample within a reasonable amount of time (normally 15 minutes) or if it is not of sufficient quantity to test
- Any adulteration of any sort. This includes a diluted sample.
- If a positive test needs to be sent to a commercial laboratory for confirmation, you will be required to pay for the cost of the test.
- A positive PBT or a missed curfew check will be viewed as a violation of the Drug Court rules. (If you do not come to the door after the officer calls and knocks it is viewed as a missed and or positive test. They will not return to your home).
- If you have a positive test in any drug court phase, the judge, based on recommendations from the drug court team, will apply immediate sanctions including time in jail to help you stop your drug using behavior.

SEARCH AND ARREST REQUIREMENTS

As a participant in Drug Court, you are required to submit your person, vehicle, place of residence or area to search and seizure of narcotics, drugs or other contraband at any time of the day or night with or without a search warrant, without prior notice and without probable cause by any peace officer or probation officer or their representative. Any law enforcement officer who observes a current participant of Drug Court in any of the following circumstances is authorized to arrest that individual:

- ingesting a controlled substance or alcohol;
- in violation of any criminal law;
- being under the influence of a controlled substance or alcohol;
- possessing a controlled substance or alcohol or drug paraphernalia;
- being in the presence of a person in possession of controlled substance(s) and a reasonable person in a like position would conclude that drugs are present.
- Being in possession of any weapons

Participants detained in jail after arrest will be brought before the Drug Court judge for hearing.

PROGRAM FEES

As a Drug Court participant, you must agree to pay a minimum program fee of 800.00 to the Court Administrator regardless of the length of time you are in the program. The participant may have 10.00 per month waived if their behaviors exceed the norm. You are also responsible for paying for the cost of treatment which is separate from the drug court program fee. Another supervision fee of 360.00 must be paid to the Blue Earth County Corrections office. There may be other fees to pay depending on your situation and needs, such as: any fee for a confirmation of a chemical test; classes or skills training, etc. You must be current with all of your payments before you are allowed to move to the next phase of your program. All participants must show proof of monthly payments prior to each court session.

Where to pay fees:

- Pay the monthly program fee and any chemical test fees to the Blue Earth County Community Corrections Dept.
- Pay all Court Administration fees to the Blue Earth County Court Administrators office.
- Pay fees for other services directly to the agency providing the service to you.

INCENTIVES

Incentives are used to recognize and reward participation and progress. Upon the recommendation of the Drug Court Team, participants may be given rewards or incentives for compliant behavior. The most frequently used incentive is the judge publicly recognizing progress during court sessions and acknowledging to the participant and the entire court the participant's hard work and accomplishments. Individuals who are doing well may also be put into an "express" group and placed early on the court calendar thereby decreasing the time the participant must spend in court.

SANCTIONS

There are immediate and direct consequences for all conduct, both positive and negative. Sanctions follow violations and are applied as close to the time of failure as possible by the Drug Court. Incentives and sanctions are applied at the **participant's next scheduled review/status hearing**, with the exception of serious violations (e.g. positive UA, new crime, etc), in which case the participant appears at the **next review/status hearing**.

Sanctions are used to emphasize the strict expectations and requirements of the program including participant accountability and to provide more structure and support when it is needed. Although final sanction decisions are made by the judge, the Drug Court team is involved in the process.

TERMINATION FROM DRUG COURT

Warrants, new arrests or a violation of any aspect of your treatment plan may result in your termination from the Drug Court Program. Other violations, which may result in termination, include the following:

- Missing and/or positive drug tests;
- Altered drug test
- Demonstrating a lack of program response by failing to cooperate with the probation agent or treatment program
- Violence or threat of violence directed at anyone involved in the Blue Earth County Drug Court Program

GRADUATION

Upon your successful completion of a treatment program and satisfaction of all other court requirements including continued sobriety, you will graduate from Drug Court. Graduation from the Drug Court program is recognized as a very important event. Your loved ones are invited to join you at a special ceremony as the Drug Court Team congratulates you for successfully completing Phases I – IV of the Drug Court program and achieving your goal to establish a drug-free life. Upon your graduation from the Drug Court Program, you are welcome to come back and visit drug court at any time.

CONCLUSION

The goal of the Blue Earth County Drug Court Program is to help you achieve a life free of dependence on mind-altering substances. The Judge, court staff and the Drug Court Team are here to guide and assist you, but the final responsibility is yours. To succeed, you must be motivated to make this commitment to a drug free life.
