

MEMORANDUM

TO: All Blue Earth County Residents

FROM: Aaron Stubbs, Land Use Planner

DATE: September 7, 2018

RE: Land Use Plan Updated Schedule

The update of the County's Land Use Plan is entering the final stages. Although our original goal was to have the new plan completed and adopted before the end of 2017. After we completed the Public Input portion of the update, it became clear that in order to provide the residents of Blue Earth County with a plan that best meets their needs, we needed to extend our deadline for completion. Here is a list of important upcoming dates for the Land Use Plan update:

- September 17, 2018 – DRAFT Plan released to the public for review
- September 24, 2018 – Public Input Meeting (Blue Earth County Government Center)
- October 15, 2018 – Close of Public Comment Period
- December 5, 2018 – Land Use Plan presented to the Planning Commission
- December 18, 2018 – Land Use Plan presented to the County Board

Once it becomes available, the DRAFT plan will be posted on the County's website. In addition, we will email an electronic copy of the DRAFT plan to those individuals who provided an email address and asked to be contacted as more information became available. If you have not had a chance to participate in this process, please attend the Public Information Meeting on September 24th. Your valuable feedback helps ensure the future development of Blue Earth County reflects the goals and values of its residents.
