

WINTER CLAUSE FOR SEPTIC SYSTEM COMPLIANCE INSPECTION REQUIREMENT

A septic system compliance inspection is required for the issuance of building permits, conditional use permits, shoreland alteration permits, and variances. This form allows you to suspend the need for a compliance inspection temporarily, due to the winter soil conditions.

I, _____ being the owner of the property located
at _____ understand that as a condition of
my request (_____) a Septic Compliance Inspection
is required. Fill in request here

Due to the annual winter soil conditions between November 1st and April 30th, it is impossible for a Septic Compliance Inspection to be completed. By signing this Winter Clause, I am agreeing to have the Septic Compliance Inspection completed and submitted to the County **prior to June 1st of the following year**. I also understand that by Minnesota State Law, the results of a Septic Compliance Inspection are binding.
